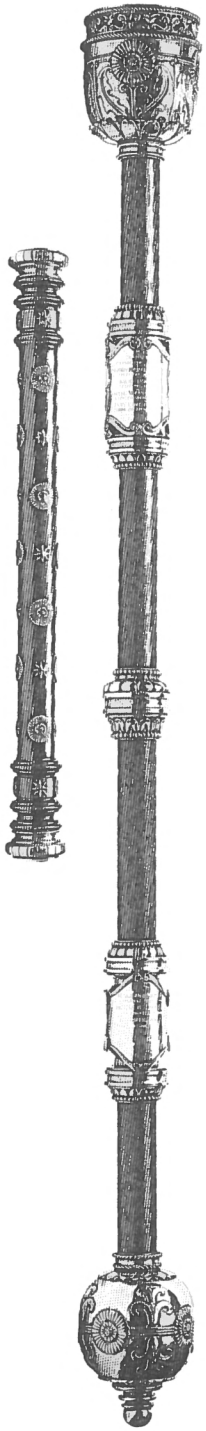
A Rich Tradition at Rochester



The commencement season has always stood out as the "supreme festival" on Rochester's academic calendar, Arthur May notes in his history of the University. From the earliest years, he writes, "Oratory flowed in full spate, the literary societies put on their finest performances, trustees convened for annual decision-making, and prizes and diplomas were handed out amidst a panoply of pomp and circumstance." Though the size of the graduating class has grown from 10 men in 1851 to more than 3,000 men and women now, and though many other developments have reshaped the ceremonies, this year's program, like 1851's, marks the happy celebration of each graduate's academic preparation and the hopeful prospect of new ventures.

The gowns have a long history

Some of the features in the modern ceremony date back to medieval times, such as the academic attire, which recalls the gowns that were required dress at many European universities. Yet, academic regalia did not figure into Rochester's earliest commencements. For a number of years, only the president and the person who carried the diplomas wore the gowns; the graduating class did not wear them until 1892.

Many schools have adopted doctoral gowns that also reflect the institutions' colors. The University of Rochester doctoral candidates wear gowns in the official colors of blue with dandelion-yellow trim and berets of soft black velvet. Many of the faculty wear the gowns of their alma maters, including the maroon of Chicago, the scarlet of Stanford, the orange and black of Princeton, and the gray of M.I.T., among others.

The hood's color is the clue

The most colorful portion of the academic costume is the hood. The color edging indicates the discipline to which the degree pertains: white and yellow-gold for arts and sciences; orange for engineering; apricot for nursing; green for medicine; pink for music; light blue for education; and drab for business.

Symbols of authority

Originally a medieval weapon of defense, the mace has become a symbol of authority and dignity in academic ceremonies. Rochester's mace was introduced during the 1935 induction of Alan Valentine as president and has been used in academic processions ever since. Designed by Philipp Merz, who also is responsible for many of the architectural features of the early River Campus buildings, the mace is about four feet long and is crafted from mahogany and hand-wrought silver. The head of the mace features the seal of the University, and two silver bands are engraved with the names of the University's presidents. The dandelion, the floral symbol of the University, can be found in the decorative motif of the silverwork. The original mace is part of a pair of symbols created to mark academic ceremonies. The other is a smaller wooden baton, which also features dandelions and stars in its silverwork.

In 2011, an additional baton was commissioned by Ronald Hansen, senior associate dean in the Simon Business School, to be used in the school's graduation ceremony in Bern, Switzerland. Intended to complement the original mace and baton, the new baton is also carried in University and academic ceremonies. Designed by Scott D. Sober and silversmith Alexis Romeo, the new baton features sterling silver pommels, dandelions, and stars.

The mace is carried by the University marshal, who leads the processions alongside a marshal carrying the less imposing baton.

Words to live by

Commencement speakers have offered inspiration to Rochester graduates ever since Henry Ward Beecher gave a speech on "Character" at the 1851 ceremonies. Theodore Roosevelt, then governor of New York, spoke in 1900; New York Governor Thomas E. Dewey spoke in 1957; and another holder of the governor's seat, Mario Cuomo, spoke in 1985. Richard Nixon gave advice to 1966's graduates, and British Prime Minister Winston Churchill, accepting an honorary doctorate by transatlantic radio during 1941's commencement, pleaded for Anglo-American unity in a characteristically rousing speech.

Happy at heart on this day

Perhaps the single feature that best links this year's ceremonies to 1851's commencement is the audience. From 1851 onward, enthusiastic crowds have turned out to applaud Rochester graduates. Newspapers say thousands of spectators witnessed the first commencement when Scott's Brass Band led a parade toward Corinthian Hall. Following the band, "presumably in ascending order of dignity," Arthur May notes, were the University janitor, Rochester schoolchildren, undergraduates, teachers at the common schools, Board of Education representatives, the mayor and his top lieutenants, officials of state and county governments, University founders, courtroom judges, the 10 graduating seniors, professors, trustees, the chancellor, and the high sheriff of Monroe County.

Among the thousands of spectators present this year, many are as distinguished and, no doubt, as full of pride as the onlookers of 1851.

Commencement Speaker

Erica Fee '99

Erica Fee is the founding producer and board president of the First Niagara Rochester Fringe Festival, a successful, annual, multidisciplinary arts festival, which celebrates its fifth year in 2016. Under her stewardship, the Fringe has grown to be one of the top three most attended fringe festivals in the United States. In 2015, the Fringe drew more than 63,000 visitors and included more than 500 performances and events at 25 venues in downtown Rochester. The Fringe has become a powerhouse festival for new theater, comedy, music, dance, and children's entertainment and provides broad access, with 120 shows in 2015 being free of charge.

Since 2012, highlights have included the annual Friday on the Fringe featuring aerial high-rise dancers BANDALOOP, which attracted 13,000 spectators for one show; comedians Patton Oswalt, Marc Maron, and Dave Barry; immersive theater from the world-renowned Rimini Protokoll; and the import of a Spiegeltent (an early 20th-century venue).

For a decade before Fringe, Fee lived in the United Kingdom, running her own London-based theatrical production and general management company. Her many producing, directing, and performance credits include UK premieres and London and Edinburgh Fringe productions.

Fee was the first American to receive the prestigious New Producer's Award from Stage One (Society of London Theatres/TMA), winning twice—the maximum amount that it can be received. She was mentored by acclaimed Broadway and West End producer, Paul Elliott.

At the University of Rochester, Fee was a Xerox Scholar and member of Phi Beta Kappa. She graduated magna cum laude with a BA in political science and history with a minor in theater. She was a Take Five Scholar.

Fee received classical acting training from the Arts Educational Schools London. She has studied and spoken frequently about festival production and related topics.

Presented at the Arts, Sciences & Engineering Ceremony.

Honorary Doctor of Laws

Maggie Wilderotter

Maggie Wilderotter was chief executive officer of Frontier Communications (2004–2015) and executive chairman until April 2016. During her tenure with Frontier, the company grew from a regional telephone company with customer revenues of less than $1 billion to a national broadband, voice, and video provider with operations in 29 states and annualized revenues in excess of $10 billion.

Previously, Wilderotter was senior vice president of Global Business Strategy and ran the Worldwide Public Sector at Microsoft. Before this, she was president and CEO of Wink Communications Inc., executive vice president of National Operations for AT&T Wireless Services Inc., chief executive officer of AT&T's Aviation Communications Division, and a senior vice president of McCaw Cellular Communications Inc.

Wilderotter was on the President's National Security Telecommunications Advisory Committee. She served as vice chairman (2010–2012) and chairman (2012–2014).

In 2014, she chaired the Blue Ribbon Committee on Board Strategy for the National Association of Corporate Directors.

Wilderotter serves on the boards of Costco Wholesale Corporation, DreamWorks Animation, Hewlett Packard Enterprise, and Juno Therapeutics Inc. as well as a number of private and nonprofit organizations.

She is a trustee of the Conference Board, a member of the Board of Directors of Catalyst, a member of the Board of Advisors of Boardroom IQ, the WomenCorporateDirectors' Global CEO Task Force, and the Committee of 200.

Wilderotter holds a bachelor's degree in economics from the College of the Holy Cross. In 2014, she was awarded an honorary Doctor of Engineering degree from the Stevens Institute of Technology.

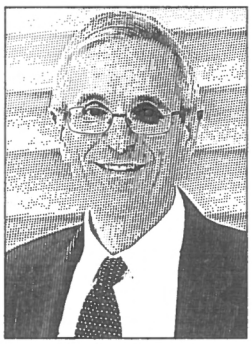
Presented at the Simon Business School Ceremony.

Eastman Medal

The Eastman Medal recognizes individuals who, through their outstanding achievement and dedicated service, embody the high ideals for which the University stands.

Honorary Doctor of Laws

Alan Zekelman '87S (MS)



Alan Zekelman, an accomplished businessman and philanthropist, is a director of JMC Steel Group, the largest independent tubular products manufacturer in North America. He is the former president of Atlas Tube, a company founded by his late father, Harry, in 1984 in Harrow, Ontario. In December 2006, Atlas Tube was merged with JMC, which now operates 10 manufacturing plants in six U.S. states and one Canadian province.

A native of Windsor, Ontario, Zekelman holds a bachelor of commerce degree from the University of Toronto. He received his MS in 1987 from the Simon Business School. In 1990, Zekelman received the University of Rochester's Richard L. Rosenthal Award for Innovation in Investment Management/Corporate Finance.

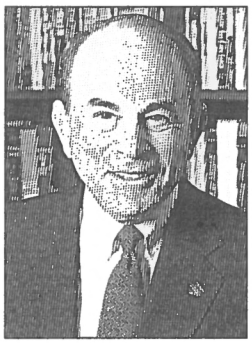
An active Simon alumnus, Zekelman has served on the school's Executive Advisory Committee, National Council, and Simon Advisory Council. Perpetuating his family's legacy of charitable giving, he and his wife, Lori Talsky-Zekelman, established the Lori and Alan S. Zekelman Distinguished Professorship of Business Administration at the Simon School.

Actively involved in multiple boards in his community, Zekelman serves on the executive committee of the Holocaust Memorial Center Zekelman Family Campus. He is chairman of the Board of the American Friends of Bar-Ilan University, an Israeli institution from which Zekelman received an honorary doctorate in 2009. He serves on the Board of Overseers of Yeshiva University's Yeshiva College as well as the board of Menachem Education Foundation. Zekelman serves on the investment committee of the United Jewish Foundation. He is also a board member of the Jewish Hospice and Chaplaincy Network as well as the American Friends of Yahad-In-Unum. Zekelman is a board member of the Birmingham Jewish Connection.

Presented at the Simon School Ceremony.

Eastman Medal

Edmund A. Hajim '58



Ed Hajim, chair of the University of Rochester Board of Trustees for the past eight years, has had an outstanding career in finance. After receiving his BS in chemical engineering from the University of Rochester, Hajim served in the Navy and later earned an MBA with distinction from the Harvard Business School. His remarkable career started at Capital Research Company, followed shortly by becoming a senior vice president at E. F. Hutton. He later was a partner and board member at Lehman Brothers, chairman and CEO of Furman Selz, and, after selling the firm to ING, chairman and CEO of ING Aeltus Group. In 2002, he started his own investment firm and in 2009 became the president of Diker Management.

Hajim has served the University in many capacities for nearly 60 years, starting as an undergraduate student leader. A driving force on our Board of Trustees for more than 25 years, he has had a transformative effect. As chair of the Board's Investment Committee, he was instrumental in strengthening the University's endowment. Hajim also has been especially involved in strategic planning and advancement efforts.

In 2008, Hajim's $30 million commitment to the University was the largest single gift commitment in the University's history and has catalyzed our historic $1.2 billion *Meliora Challenge* campaign. In recognition of his generosity, the Hajim School of Engineering & Applied Sciences was named in his honor in 2009.

In addition, Hajim has held board and leadership positions in a wide range of corporate, educational, health care, and other nonprofit organizations. In 2015, he was inducted into the Tau Beta Pi engineering honorary society and also received the Horatio Alger Award, which recognizes renowned leaders who have achieved success, despite humble beginnings and adversity, and who demonstrate commitment to philanthropy and higher education.

Presented at the Arts, Sciences & Engineering Ceremony.

Eastman Medal

Joseph D. Morelle

Assembly Majority Leader Joseph Morelle, who represents the Town of Irondequoit, was elected to the New York State Assembly in 1990 after serving six years in the Monroe County Legislature. He has written more than 200 laws and served as chair of the Assembly's standing committees on Insurance, Tourism, Small Business, and Ethics.

In January 2013, Morelle was appointed majority leader, the second highest position in the Assembly. As majority leader, he is responsible for the day-to-day operations of the Assembly. He also serves as a member of the Rules Committee.

Morelle has established himself as a leader on critical issues, including job creation, public safety, and providing accessible and affordable health care. He serves on the Finger Lakes Regional Economic Development Council and helped secure $500 million in Upstate Revitalization Initiative funding for the region. As cochair of the Rochester-Monroe Anti-Poverty Initiative, Morelle is leading an effort to address poverty in an unprecedented, comprehensive manner.

Morelle sponsored New York's milestone autism health insurance law requiring carriers to cover the cost of autism screening and treatment and has advanced legislation protecting senior citizens from criminal exploitation and abuse. He has led the effort to reform managed care and make life insurance carriers more accountable. As chair of the Finger Lakes Health Systems Agency's Rochester Health Innovation Collaborative, he helped secure a $26.6 million federal grant to transform health care in the region.

Always an advocate for law enforcement, Morelle has backed the expansion of the state's DNA criminal database and stricter rules regarding the tracking of sexual offenders. He also successfully fought for a law increasing penalties for those who bring loaded guns onto school grounds.

Morelle grew up in the Rochester suburb of Irondequoit. He graduated from Eastridge High School and earned his bachelor's degree in political science from SUNY Geneseo.

Presented at the Arts, Sciences & Engineering Ceremony.

Charles Force Hutchison and Marjorie Smith Hutchison Medal

Laurence H. Bloch '75

Larry Bloch is a distinguished private investor and the former chair of TransWestern Publishing Company. Bloch received his BA in political science from the University of Rochester in 1975 and his MBA from the Wharton School in 1979.

In 1993, Bloch cosponsored the acquisition of TransWestern Publishing from US West. Initially as vice chairman and CFO, and then as chairman of the Board from 1998 until the company's sale in 2005, Bloch helped TransWestern become the second largest independent Yellow Pages publisher in the country. Bloch began his career in corporate finance in New York City and was formerly a managing director at Smith Barney.

A University trustee and Executive Committee member since 1998, Bloch has led key committees and initiatives. As chair of the Board's Advancement Committee since 2004, he has helped transform the Advancement program. In 2011, he became West Coast vice chair for *The Meliora Challenge:* The Campaign for the University of Rochester.

Bloch's generosity at Rochester includes a leadership gift for a fitness center that was dedicated and named for Bloch and his wife Cindy in 2002. Bloch was a charter member and an initial cochair of the George Eastman Circle. In 2009, the Blochs were instrumental in creating the George Eastman statue to recognize Eastman's philanthropic legacy and the launch of the University's giving society named in his honor. In 2014, the Blochs established an endowment to support the University's fundraising program and the chief advancement officer position. The program's building was named the Larry and Cindy Bloch Alumni and Advancement Center in their honor.

Bloch is an active volunteer in San Diego and board member of several nonprofits, including Computers 2 San Diego Kids, Pro-Kids | The First Tee of San Diego, the Jewish Federation of San Diego, and the Rolf Benirschke Legacy Golf Invitational. He and his wife have served on the board of Kids Korp USA, which engages youth in community volunteer work.

Presented at the Simon Business School Ceremony.

Eastman Medal

The Eastman Medal recognizes individuals who, through their outstanding achievement and dedicated service, embody the high ideals for which the University stands.

Charles Force Hutchison and Marjorie Smith Hutchison Medal

The Hutchison Medal is the highest honor given to an alumnus, recognizing outstanding achievements and service to community, state, and nation.

Charles Force Hutchison and Marjorie Smith Hutchison Medal

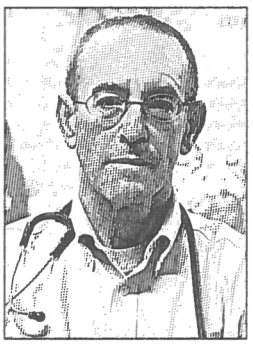
The Hutchison Medal is the highest honor given to an alumnus, recognizing outstanding achievements and service to community, state, and nation.

William H. Riker University Award for Excellence in Graduate Teaching

The award recognizes a faculty member who has excelled in graduate instruction, particularly in the University's doctoral programs.

Charles Force Hutchison and Marjorie Smith Hutchison Medal

Richard Hodes '82M (MD)



Richard "Rick" Hodes, MD, is the medical director for the American Jewish Joint Distribution Committee in Addis Ababa, Ethiopia.

After receiving his doctor of medicine degree from the University of Rochester School of Medicine and Dentistry in 1982, Hodes trained at the Johns Hopkins University School of Medicine in Baltimore, completing his internship and residency in internal medicine at Baltimore City Hospital.

He first traveled to Ethiopia as a relief worker during the 1984 famine. He returned there the following year to teach internal medicine after receiving a Fulbright Fellowship, and a few years later he was the physician in charge of the health of all Ethiopian immigrants to Israel, about 1 percent of the Israeli population. He initiated a program to send Ethiopian children suffering from rheumatic and congenital heart disease to India and patients with spine problems resulting from scoliosis and tuberculosis to Ghana and other countries for care. He is the only spine doctor in Ethiopia.

He has worked with thousands of refugees and displaced persons in Rwanda, Zaire, Tanzania, India, Ethiopia, Somalia, and Albania.

He has held posts at several academic institutions, including McGill University in Ethiopia, Ben Gurion University in Israel, the University of Toledo, and the University of Texas Health Science Center. He was awarded Mastership from the American College of Physicians.

Hodes is the subject of the book *This is a Soul—the Mission of Rick Hodes,* and the subject of four documentary films, including the HBO documentary *Making the Crooked Straight.* He has adopted five Ethiopian children (the maximum allowed) and provides four homes for up to 35 additional children with special medical needs.

He was the recipient of the School of Medicine and Dentistry Humanitarian Award in 2010.

Presented at the School of Medicine and Dentistry Ceremony.

William H. Riker University Award for Excellence in Graduate Teaching

Richard Feldman

Richard Feldman has had a distinguished 40-year career as a scholar, professor, and administrator and is recognized as one of the world's leading epistemologists. He joined the University of Rochester in 1975 as a professor of philosophy and went on to chair the department for 13 years before becoming dean of the College in 2006.

Feldman was deeply involved in developing the Rochester Curriculum, which allows undergraduates to build their own curriculum based on their unique strengths and interests. As dean, he oversees sixteen offices and programs focused on academics, research, and student life. He also cochairs the Presidential Commission on Race and Diversity.

Feldman's work challenges assumptions about knowledge and rationality. With his University of Rochester collaborator, Professor Earl Conee, he developed the widely discussed theory of evidentialism, based on the notion that beliefs are worth only as much as the evidence supporting them. Feldman has helped set the agenda on the topic of "reasonable disagreement," which questions the possibility of people with similar bodies of evidence reasonably coming to different conclusions.

Feldman is known for his outstanding doctoral seminars and for sponsoring reading and support groups for his advisees, directing independent research, and serving on examining committees. He has directed or codirected 26 dissertations completed by philosophy students.

His books include the textbook *Reason and Argument* and *Disagreement* with Ted A. Warfield as well as more than 70 articles in such leading journals as *Philosophy Review.* He serves on the editorial boards of the *Stanford Encyclopedia of Philosophy, Social Epistemology,* and other journals.

Feldman has received fellowships and grants from the Mellon Foundation, the National Endowment for the Humanities, the National Defense Education Act, and the American Council of Learned Societies. In 2011, he was recognized with "Feldmania," an academic conference celebrating his contributions to epistemology.

Feldman earned his bachelor's degree from Cornell University and his PhD from the University of Massachusetts–Amherst.

Presented at the Doctoral Degrees Ceremony.

Lifetime Achievement Award in Graduate Education

Duncan Moore '74 (PhD)

In the 42 years since he received his PhD at the University of Rochester, Duncan Moore has excelled as a University teacher and researcher and in roles as diverse as entrepreneur, White House associate director of technology, and chairman of the Hubble Space Telescope review panel. A former director of the Institute of Optics, he is currently the University's vice provost for entrepreneurship and was instrumental in creation of the Technical Entrepreneurship and Management (TEAM) master's program.

Moore, the Rudolf and Hilda Kingslake Professor of Optical Engineering, served as director of the Institute of Optics from 1987 to 1993. During his tenure, collaborative research centers at the institute flourished, including the Center for Optics Manufacturing that Moore cofounded. These centers attracted more than $8 million a year in outside funding and large numbers of graduate students, resulting in dramatic increases in publications and patents.

Moore has taught 15 optics courses ranging from introductory to advanced graduate classes; he has advised nearly 60 master's and PhD students. This Lifetime Achivement Award in Graduate Education recognizes his ability to inspire students with his boundless enthusiasm for new approaches to teaching, technology, and business.

As a researcher, he is internationally recognized for his pioneering work in gradient-index optics. Moore is author of six books and more than 100 papers. He has been principal investigator or director of more than 60 grants and contracts totaling more than $43 million.

Moore is a member of the National Academy of Engineering and a fellow of the American Association for the Advancement of Science, the Optical Society of America, IEEE, the American Institute for Medical and Biological Engineering, and the Society of Photo-Optical Instrumentation Engineers.

Presented at the Doctoral Degrees Ceremony.

Edward Peck Curtis Award for Excellence in Undergraduate Teaching

Andrew Berger

Colleagues at the Institute of Optics characterize Andrew Berger, associate professor of optics and biomedical engineering, as a gifted professor, an innovative teacher, and an outstanding scientist. He has consistently shown his commitment to excellence in teaching over his 16 years at the University.

Students emphasize the time, energy, and effort he invests in them. He actively involves students in teaching by providing training and guidance for his TAs and workshop leaders. Students seek him out as a teacher and mentor for his willingness to listen and his success at explaining concepts clearly.

He is known for incorporating new teaching techniques, including the use of videos and other resources, to free up class time for discussion. His discipline-based education research has resulted in an NSF research grant in the field of education.

Berger has been a member of the institute's undergraduate committee since his arrival and has served as chair. He has been involved in the optical engineering degree's certification process for the Accreditation Board for Engineering and Technology. He also served on the advisory board for the Center for Excellence in Teaching and Learning at the University.

Berger is active in outreach activities, particularly those aimed at encouraging high school students from underrepresented groups to consider careers in science and engineering.

In 1998, Berger received his PhD in physics from MIT, where he worked on developing methods of blood analysis using laser spectroscopy. From 1998 to 2000, he was a postdoctoral researcher at the University of California–Irvine. Berger's current laboratory continues to focus on biomedical optics, specifically spectroscopic diagnostic techniques. His interests range from measurements of organelle sizes in single cells, to noninvasive optical measurement of bone strength, to recording infants' brain activity using near-infrared light.

Presented at the Arts, Sciences & Engineering Ceremony.

Lifetime Achievement in Graduate Education

The award commemorates the distinguished careers of faculty members who have provided outstanding guidance and mentorship to doctoral students who have made important contributions in their fields.

Edward Peck Curtis Award for Excellence in Undergraduate Teaching

The teaching prize is awarded to a faculty member who has a proven record of classroom excellence and who shows a willingness to mentor other educators.

G. Graydon Curtis '58 and Jane W. Curtis Award for Nontenured Faculty Teaching Excellence

The award is for a nontenured faculty member and is designed to encourage both interest and excellence in instruction at the undergraduate and graduate levels.

G. Graydon Curtis '58 and Jane W. Curtis Award for Nontenured Faculty Teaching Excellence

Margarita Simon Guillory

Margarita Simon Guillory, assistant professor of religion, is highly regarded by her colleagues for her research into African-American religions, commitment to teaching, and service to the department of religion and classics.

She is an original and productive scholar whose research in black spiritualism has contributed greatly to her field. Since arriving at Rochester in 2011, she has coedited two books and published a number of articles in respected publications. She is working on a book involving issues of the individual and identity in African-American religion.

Guillory is committed to teaching students not only the facts of a subject but also relevant research methods. She frequently takes her classes on field trips in and around Rochester so that students may better grasp material aspects of American religion.

She has developed six courses in African and African-American religions. These courses are vital to her department's concentration in religion, as well as to the College's African-American Studies Program and the Institute for Popular Music.

This commitment to her craft earned her the 2015 Abraham Karp Teaching Excellence Award.

Guillory has given exemplary service to the department, the College, and the Rochester community. She participates on several committees for the Frederick Douglass Institute, the Susan B. Anthony Institute for Gender, Sexuality, and Women's Studies, and the Institute for Popular Music. She has also given a number of presentations and interviews within the Rochester community, at annual meetings of the American Academy of Religion, and to the national press regarding contemporary issues in American religion.

Guillory received her PhD in religious studies from Rice University. Before developing an interest in the study of religion, she was an award-winning high school science teacher.

Presented at the Arts, Sciences & Engineering Ceremony.

G. Graydon Curtis '58 and Jane W. Curtis Award for Nontenured Faculty Teaching Excellence

Vera Tilson

Since joining the Simon Business School faculty in 2006, Vera Tilson, associate professor of operations management, has excelled inside and outside the classroom.

Tilson has taught many courses at Simon, including a popular elective, quantitative decision making with spreadsheets, as well as courses in health care operations, business process re-engineering, queuing theory and decision processes, and a PhD-level seminar on the impact of technology on labor procurement. She is recognized as an outstanding educator, having appeared three times on the Simon teaching honor roll. She was a corecipient of the Superior MBA teaching award and won the 2015 INFORMS Teaching Case Competition.

As a member of the Committee on Teaching and Learning, Tilson has advised faculty colleagues on teaching effectiveness. She has also advised students on problem solving through hands-on learning and effective communication. Her innovative approach to teaching includes recording more than 70 instructional videos that her students describe as invaluable.

A widely published scholar, Tilson's research interests are in health care operations, supply chain management, and stochastic scheduling. Her industrial experience includes serving as a software engineer and project manager in telecommunications, medical instrumentation, supply chain software, and financial industries.

Tilson earned a BS in electrical engineering from Massachusetts Institute of Technology, an MS in applied mathematics from the Colorado School of Mines, and a PhD in operations management from Case Western Reserve University.

Presented at the Arts, Sciences & Engineering Ceremony.

DEGREE CANDIDATES

Bachelor of Music

Ricardo Acosta Murguía
Applied Music (Piano)/Music Composition

Martina Silvia Alonso Benavides
Applied Music (Violin), with Distinction

Laura Cristina Andrade
Applied Music (Violoncello)

Abigail Leigh Arnold
Applied Music (Bassoon)/Music Education-Instrumental
Award for Campus Contributions

Emilyn Elizabeth Badgley
Applied Music (Voice)

Larisa Coyle Bainton
Applied Music (Voice), with Distinction

Ben Herrington Baker
Applied Music (Violoncello)

Arjun Ved Baxter
Applied Music (Double Bass)

Nicole Beauregard
Applied Music (Voice)

David Belkovski
Applied Music (Piano)

Katherine Elise Benson
Applied Music (Piano), with Distinction

Colleen Darragh Bernstein
Applied Music (Percussion)/Music Education-Instrumental, with Highest Distinction

Matthew James Blom
Music Education-Instrumental

Asa Chapman Bryce
Applied Music (Guitar)

Emily Elizabeth Buehler
Applied Music (Horn)/Music Education-Instrumental

Jingyu Cai
Applied Music (Harp)

Stephen Patrick Cannistraci
Applied Music (Euphonium)/Music Education-Instrumental

Yiqiu Chen
Applied Music (Violoncello), with Distinction

Eric Cheng
Applied Music (Violin)

Joonghun Cho
Applied Music (Piano), with Distinction

Brandon Heesu Choi
Jazz Studies and Contemporary Media

Yip Wai Chow
Applied Music (Violin)

Kayleigh Rose Cook
Music Education-Instrumental

Trevor Andrew Cook
Applied Music (Voice)/Music Education-Vocal

Rosina Elise Curren
Applied Music (Violin), with High Distinction

Ece Dolu
Applied Music (Violin)

Kimberly Dawn Durflinger
Applied Music (Violin)—Major; French—Minor

Julia Egan
Applied Music (Guitar)/Musical Arts

Perry Joseph Emerson
Applied Music (Flute), with Distinction

Gordon Foster Engelgau
Jazz Studies and Contemporary Media

Edward Winston Forstman
Applied Music (Piano), with High Distinction

Julian Edward Garvue
Jazz Studies and Contemporary Media/Music Theory, with Distinction

Dominic Gregory Giardino
Applied Music (Clarinet)

David Gleichman
Applied Music (Voice)

Xue Maxine Gong
Applied Music (Piano)

Ye Jin Goo
Applied Music (Viola)

Thomas Michael Griffin
Applied Music (Guitar)

Rose Elizabeth Hegele
Applied Music (Voice)/Musical Arts, with Highest Distinction

Emily Ann Helenbrook
Applied Music (Voice), with Distinction

Stephan David Hernandez
Applied Music (Voice)

Jillian Christine Honn
Applied Music (Oboe)

Joshua Huang
Applied Music (Violin)

Thea Emma Humphries
Applied Music (Horn), with High Distinction

Samuel James Huss
Applied Music (Trumpet)

Jonathan Joy Hwang
Applied Music (Violin)

Justin Jaramillo
Music Composition

Carmen Lavada Johnson-Pájaro
Applied Music (Violin), with High Distinction

Stephen Rhett Jones
Applied Music (Double Bass)

Nicole Julia Joshi
Applied Music (Percussion)

Jonathan Broitman Kane
Music Composition, with Distinction

Max Taylor Kanowitz
Applied Music (Percussion)/Music Education-Instrumental, with Distinction

Sho Andrew Kato
Applied Music (Flute)
