Repository: Rare Books, Special Collections, and Preservation, River Campus Libraries, University of Rochester
Creator: Lasagna, Louis, 1923-2003
Title: Louis C. Lasagna papers
ID: D.302
Date [inclusive]: 1947-2001
Physical Description: 62 boxes
Language of the Material: English

Preferred Citation

[Item title, item date], Louis C. Lasagna Papers, D.302, Rare Books, Special Collections, and Preservation, River Campus Libraries, University of Rochester

Biographical / Historical

Louis Cesare Lasagna was an internationally recognized and respected expert in clinical pharmacology. Born in Queens, New York, in 1923, Lasagna was raised in New Brunswick, New Jersey, by his Italian immigrant parents. He graduated from Rutgers University in 1943 and earned his medical degree from Columbia in 1947. After completing a clinical research fellowship in anesthesia at Harvard Medical School, Lasagna joined the faculty of Johns Hopkins University in 1954, where he established the first ever clinical pharmacology department. Lasagna taught medicine and pharmacology at Johns Hopkins until 1970, when he accepted the position as the first chairman of the Department of Pharmacology and Toxicology at the University of Rochester, School of Medicine and Dentistry, which he held for the next decade (1970 -1980). Early in his fourteen year career at Rochester, Lasagna founded the Center for the Study of Drug Development. In July 1984, the Center moved with Lasagna to Tufts University, where he became dean of the Sackler School of Graduate Biomedical Sciences.

While living in Rochester, Lasagna was also active in the city's cultural life, serving as the President of the Rochester Philharmonic Orchestra, supporting the Garth Fagan Dance company, and writing,
directing, and starring in the "Mighty Lasagna Players" annual theater production by the University of Rochester, Department of Pharmacology Medical and Toxicology students and faculty.

Throughout Lasagna's distinguished career he wrote and lectured extensively on a variety of topics. He was well-known for his simple eloquence, as well as his sense of humor and humanity in addressing such controversial topics as birth control, abortion, euthanasia, and medical experimentation on humans. In 1964, Lasagna wrote a modernized version of the Hippocratic Oath, which emphasized a holistic and compassionate approach to medicine. Today, the "Lasagna Oath" has been adopted by many medical colleges.

In addition to elucidating medical ethics, Lasagna figured prominently in the conceptualization of controlled clinical trials and the placebo effect. He served as a consultant to, and headed, several Federal commissions on Federal drug approval. Lasagna's work led to the improvement of controlled clinical trials to test drug effectiveness, and improved the regulation of drugs for effectiveness and safety.

In 1962 Lasagna delivered testimony to Congress during the Kefauver hearings on the 1962 amendments to the Food, Drug and Cosmetic Act. His guidance resulted in, among other things, the requirement for controlled clinical trials as necessary for proving drug effectiveness as a condition for regulatory approval of a new drug which resulted in major improvements in the evidentiary standard in the Food and Drug Administration (FDA) and the pharmaceutical industry. This was the first prescription drug law in the world to specify the criteria for proving effectiveness, and caused other countries to follow suit. It may be the largest single advance in the standards and outcome of medical therapy of all time.

Among the subsequent committees that Lasagna served on were: the National Committee to Review Procedures for the Approval of New Cancer and AIDS Drugs, the "blue ribbon" panel to examine the FDA, and the "Rogers Group" aimed at reforming drug regulation processes.

Lasagna's numerous honors and awards include two honorary Sc.D. degrees from Hahnemann Medical School (1980) and Rutgers University (1983); and an honorary doctoral degree from the University of Alcalá in Spain (1998).

The "father of clinical pharmacology," died in August 2003, survived by his wife Helen, their seven children, Nina, David, Maria, Krissy, Lisa, Peter, and Christopher, and grandchildren.

^ Return to Table of Contents

Scope and Contents

The original collection consists of boxes containing articles, correspondence, photographs, and other materials, related mostly to Lasagna's medical career, but also to his personal life. The collection retains the chronological order established by Lasagna. The addition to the Lasagna Papers consists of subject files and video tapes.
Arrangement

Contents and order within the subject files has been retained in most instances to preserve the relevance of Lasagna's notes. However, the files are arranged alphabetically by subject.

Henry K. Beecher letter to Louis Lasagna, August 2, 1954

J.T. Litchfield letter to Louis Lasagna, August 9, 1954

David Seegal letter to Louis Lasagna, August 18, 1954

"The Optimal Dose of Morphine," [co-authored], reprinted, with additions, from The Journal of the American Medical Association, September 18, 1954.

Medical Advisory Board letter to Louis Lasanga, September 27, 1954

Contents Note

acceptance of appointment to Baltimore City Hospital

Folder 5. October - December 1954
Scope and Contents note

Letters to Lasagna; announcements, schedules, programs, etc. for speaking engagements and conferences given or attended by Lasagna; articles and reprints by Lasagna. Topics include: analgesic effectiveness; and Nalorphine.

Carl C. Pfeiffer letter to Louis Lasagna, November 9, 1954

Lowell J. Reed letter to Louis Lasagna, November 22, 1954

"Nalorphine (N-Allynormorphine), Practical and Theoretical Considerations," reprinted from A.M.A. Archives of Internal Medicine, October 1954.

"The Analgesic Effectiveness of Codeine and Meperdine (Demerol)," [co-authored], reprinted from The Journal of Pharmacology and Experimental Therapeutics, November 1954.

"The Analgesic Effectiveness of Nalorphine and Nalorphine Morphine Combinations In Man," [co-authored], [source unknown], November 1954.

Ethan Allan Brown letter to Louis Lasagna, December 15, 1954

Scope and Content Notes

Letters to Lasagna; announcements, schedules, programs, etc. for speaking engagements and conferences given or attended by Lasagna; articles and reprints by Lasagna; reviews of Lasagna's published writing; and articles about Lasagna. Topics include: controlled clinical trial; drug-induced mood changes; and hypnotic potency.

Scope and Contents note

Professional correspondence with and about Dr. Paul Meier (University of Chicago). Topics include: UDGP data.

Folder 10. Meiselas, Leonard (1979)

Scope and Contents note

Professional correspondence regarding the Sophie Davis School of Miomedical Education.

Scope and Contents note

Professional correspondence with Dr. Glen Mellinger (Institute for Research in Social Behavior). Topics include: a proposed study on survey methods for post-marketing drug surveillance, a study on judgements about ethical issues in biomedical research.

Scope and Contents note

Professional correspondence with Dr. Kenneth Melmon (Stanford University). Topics include: postmarketing drug surveillance.

Scope and Contents note

Professional correspondence with Frederick Mayer (Pharmacists Planning Service). Topics include Louis Lasagna's deposition, medi-cal recipients.

Scope and Contents note

Professional correspondence with Dr. Herbert Meltzer (University of Chicago). Topics include: neuroleptic drugs.

Folder 15. Melzack, Ronald (1985)

Scope and Contents note

Professional correspondence with Dr. Melzack of McGill University. Topics include: analgesics, a possible speaking engagement at Tufts University.

Scope and Contents note
Professional correspondence. Topics include: clinical investigation, pain management.

Scope and Contents note
Professional correspondence with Dr. Mendelson (Harvard Medical School). Topics include: Halcion Review Panel, recommendation letters.

Scope and Contents note
Professional correspondence with Richard Merrill (University of Virginia School of Law). Topics include: scholarly publications, manuscript on the application of federal conflict of interest statues to the members of FDA advisory committee and officials, science and ethics.

Folder 19. Miller, Larrywrence (1986)
Scope and Contents note
Professional correspondence with Dr. Larry Miller (New England Medical Center). Topics include: edits to scholarly manuscripts, the Boehringer Ingelheim fellowship, benzodiazepine.

Scope and Contents note
Professional correspondence with Dr. Mirkin (University of Minnesota). Topics include: scholarly publishing, travel expenses.

Scope and Contents note
Professional correspondence with Walter Modell. Topics include: rotation of board members, Dr. Modell's status as an emeritus board member.

Folder 22. Moller, Peter (1977-1978)
Scope and Contents note
Thank you note.

Box 30: Correspondence (Morgan-Paul DeHaen International), 1969-1987

**Scope and Contents note**

Professional correspondence with and about Dr. John Morgan (University of Rochester). Topics include: Morgan's employment in the Clinical Pharmacology department at University of Rochester, letters of recommendation, professional consulting.

**Scope and Contents note**

Professional correspondence with John P. Morgan (formerly of the University of Rochester, then of the City University of New York). Topics include: Blitz course, plans for starting a drug study center in New York, scholarly publications and conferences, phenylpropanolamine, letters of recommendation.

Folder 3. Mosteller, Frederick (1972-1986)

**Scope and Contents note**

Professional and personal correspondence with and about Dr. Fred Mosteller (Harvard University). Topics include: remembrances of Dr. Mosteller, invitations for speaking engagements and meetings, breast cancer.

**Scope and Contents note**

Professional correspondence with Mr. Mottram, president of Universal Foods Corporation. Topics include: planning committee meetings, fats and oils symposium.

**Scope and Contents note**

Professional correspondence with Dr. Greg Mundy (University of Connecticut Health Center). Topics include: Yearbook of Drug Therapy, letters of recommendation, American Cancer Society, Dr. Mundy's tenure as a postdoctoral fellow at the University of Rochester.

Folder 6. Murphy, John B. (1980)

**Scope and Contents note**

Personal and professional correspondence about career and family updates.

**Scope and Contents note**

Professional correspondence with Dr. William Murray (Duke University Medical Center). Topics include: bioequivalence.

Folder 8. Nakashima, Mitsuyoshi (1977)

**Scope and Contents note**

Thank you note with photograph attached of Dr. Nakashima and Dr. Louis Lasagna.

**Scope and Contents note**

Personal and professional correspondence regarding Mr. Nelson's retirement from the job of county administrator.

**Scope and Contents note**

Professional and personal correspondence with Dr. Nicolis (Milano, Italy). Topics include: scholarly publications, professional travel, clinical pharmacology studies in Italy.

**Scope and Contents note**

Professional correspondence regarding Triazolam.

**Scope and Contents note**

Professional correspondence. Topics include: travel expenses, recreational drug use.

**Scope and Contents note**

Professional correspondence with Mr. O'Brien (University of Rochester Provost). Topics include: faculty appointments, the Program in Biology and Medicine, faculty evaluations, Faculty Steering Council.

Folder 15. Ogura, Chikara (1975-1978)
Scope and Contents note

Professional correspondence with and about Chikara (Chuck) Ogura. Topics include: Dr. Ogura's tenure as a trainee in Clinical Pharmacology at University of Rochester, immigration papers, English language instruction, research projects.

Scope and Contents note

Professional correspondence with Ohio State University. Topics include: Ohio Pharmaceutical Seminar, Pfizer lecture.

Scope and Contents note

Personal and professional correspondence with Dr. Ronald Okun (Cedars-Sinai Medical Center). Topics include: family updates, a personal reminiscence of clinical pharmacology in the United States.

Scope and Contents note

Professional correspondence with Dr. Mariam Onuzo and her husband Okey (Nigeria). Topics include: Dr. Onuzo's application to and experiences within the Clinical Pharmacology program at the University of Rochester.

Scope and Contents note

Professional correspondence with and about Dr. Miller regarding Dr. Miller's application for Tenure at the University of Rochester.

Scope and Contents note

Professional correspondence with Michael Orme (British Pharmacological Society). Topics include: the Lilly Prize and Lilly Lecture.

Folder 22. Osifo, Nosa (1975-1987)

Scope and Contents note

Professional and personal communication with and about Dr. Nosa Osifo (Benin City, Nigeria). Topics include: Dr.
Osifo's tenure as a trainee in clinical pharmacology at the University of Rochester, Merck International Fellowship, letters of recommendation.

**Scope and Contents note**

Professional correspondence with Dr. Harris Pastides (University of Massachusetts). Topics include: Biopharmaceutical Research Unit Seminar Series.

**Scope and Contents note**

Professional correspondence regarding scholarly publications.

Scope and Contents note

Professional correspondence with Lord Perry (The Open University, United Kingdom) and his secretary Pamela Smith. Topics include: scholarly publications, Encyclopedia Britannica entries on drug and alcohol consumption.

Folder 5. Peterson, Houston (1982)

Scope and Contents note

Correspondence with and about Houston Peterson. Includes an obituary about Peterson from the Rutgers Alumni Magazine.

Folder 6. Perkins, James (1962)

Scope and Contents note

Professional correspondence with and about Dr. James Perkins. Topics include: tuberculosis, the National Tuberculosis Association, The Doctors' Dilemmas.

Scope and Contents note

Professional correspondence with J.C. Petrie (University of Aberdeen). Topics include: scholarly publication: clinically Important Adverse Drug Reactions.

Scope and Contents note

Professional correspondence with and about Dr. Richard Pfeifer (Purdue University). Topics include: Searle Award.

Scope and Contents note

Professional correspondence (and related materials) with George A. Platz. Topics include: drug advertising, American Medical Association v. United States.

Folder 11. Poland, Alan (1971-1978)

Scope and Contents note

Professional correspondence with and about Dr. Alan Poland (University of Rochester). Topics include: Dr. Poland's appointment in Clinical Pharmacology and Toxicology, research grants and fellowships, laboratory equipment.

**Scope and Contents note**

Professional correspondence with Dr. Poli (Poli Industria Chimica, Italy). Topics include: Bromocriptine, bioavailability study, the Poli company.

**Scope and Contents note**

Professional correspondence with Dr. Rudolph Preisig (University of Berne). Topics include: proceedings against Dr. Preisig, conflict of interest in medicine control.

**Scope and Contents note**

Professional and personal correspondence with L.F. Prescott (Royal Infirmary, Scotland). Topics include: scholarly publications and conferences, letters of recommendation.

Folder 15. Prout, Thaddeus (1972)

**Scope and Contents note**

Professional correspondence (and related manuscripts) with Dr. Pyrczak (California State University). Topics include: scholarly publications, patient package inserts.

**Scope and Contents note**

Professional correspondence regarding the manual, "Managing Drug Supply."

Folder 18. Rachlin, Joan (1986)

**Scope and Contents note**

Professional correspondence with Dr. Ranney (American Enterprise Institute for Public Policy Research). Topics include: board membership for the Center of the Study of Drug Development (CSDD), recombinant DNA technology.

Scope and Contents note

Professional correspondence (and related paperwork) with and about Dr. Raisz (University of Rochester). Topics include: Dr. Raisz's tenure as a professor at U of R.
