M.I.T. & GEORGE EASTMAN

George Eastman House
December 4, 1954
On December 4th 1954, the centennial year of George Eastman's birth the M.I.T. Club of Rochester paid tribute to his achievements. His munificent gifts totaling $20,000,000 made possible the transformation of Massachusetts Institute of Technology from what had been a local school to an institution of international importance. To few organizations did the work of George Eastman mean so much.
