

KNOX WALKUP

March 22, 1982

I asked Knox about DP's busing vote. "He never said anything to us about that vote either before or after he did it. I think that's the kind of vote that makes him feel uncomfortable. That's the kind of ~~side~~ ^{side} where if someone comes up and says 'I see you voted against such and such' it is very painful for him. So he just doesn't talk about it. That's why he is getting on us to get into more things. He hasn't enjoyed a vote yet this year--busing, the Williams case."
