

BOB GUTTMAN

August 12, 1982

Went to office to see Bob re conference. The question was, as always, should the behind the scenes "working group" conclude the admin. or not. They decided to have only Bob and Susan Grayson. "First we decided on a working group. Then we decided it was too large and that there should be a 'real' working group. That would be Susan Grayson and myself. The question was, should the administration be included. We decided. No."
