

PAUL MICHEL

July 1, 1982

I poke my head in. "Specter wrote a letter yesterday which will go out to every member of the full committee along with a copy of the 150 page report. It will tell them that this is the only bill dealing with violent crime to come before Congress this session that the President is for it and that it ought to be taken off the committee calendar and passed.

*had see 7/21
→ bill revision - went out 9/22
~~Paul printed Sept 24~~*
