

BOB TYRER AND TOM DAFFRON

March 2, 1982

I go get some more clothespin stories from Bob. He en. Says a couple of newspapers are researching story after NY Times "put stamp of approval on the story."

It occurs to me that one never gets total in politics--just temporary ones. He says yes - that in 1984 it will come up all over again. They put the stuff in their 84 file.
