

JOHN GLENN

May 3, 1982

I stop in at Glenn's office the day after Evans Novak _____ MJ and Dale think it will help if he takes the advice. MJ thinks he needs more "outside advice". "We should have known who everybody was at that meeting. If he's going to go to meetings like that he's got to be prepared."

Dale says he's got to "get his act together." Dale is upset by "brown and boring" description.
